

A STEP OF FAITH

Each day of the year we celebrate **JESUS'** birth by taking a step of faith.

Letting God work through our lives, giving expression to his perfect ideas.

God is helping us now to take a step of faith.

To realize whatever we are truly seeking, we must give away.

He draws us to our greater good by taking a step of faith.

God will guide and direct us to accept his peace in our heart and express it in our world.

As we let go and let God show us how to take a step of faith?

There is nothing but God in action in our mind, body, being and world - eternally sustained through His divine love.

We surrender our lives to God's Holy Spirit and allow His love to flow through us. We feel open to take a step of faith.

Believing God gave us the gift of His Son, **JESUS** to share His love for us.

The mystery of God's love will change our very lives ,
Through a step of faith.

Robert W. Roddy, Jr.
